

Holly II- The Manor

Two-Bedroom, 1,317 sq. ft.

Two large bedrooms, ample living areas and a large balcony or patio create the Holly, one of Covenant Woods' largest floor plans. Offering two full baths, large living and dining areas, plus a well-appointed fully kitchen, the Holly II is perfect for couples who are ready to downsize – but perhaps not as much. (The difference between Holly and Holly II is the balcony and patio – the II's does not wrap around a corner of the building.)
