Hyacinth- The Lodge

Two-Bedroom, 1,660 sq. ft.

Covenant Woods' largest floor plan, the Hyacinth is a sprawling apartment with plenty of room to spread out, store things, and make it your own. A large kitchen includes a breakfast bar that looks out to the dining and living room, which has a fireplace – the only Covenant Woods apartment floor plan that does so. The Hyacinth is also one of few homes that includes an added den – great for a home office, entertainment center, or craft room. Like all homes in The Lodge, the Hyacinth includes a large balcony nearly the size of your living room.
