

# Hawthorn- The Manor

*One-Bedroom, 975 sq. ft.*

The Hawthorn gives single residents a bit more space compared to most one-bedroom apartments, with the inclusion of a den – or a home office? Entertainment center? – that extends outdoors to a small patio or balcony. There’s even a second bathroom for guests. Living in a Hawthorn, you’re just steps away from dining and amenities of The Manor and only a short walk to The Lodge.
