

**MEMORANDUM**

**TO:** Manor East Residents and Responsible Parties  
**FROM:** Carrie Davis, Administrator   
**DATE:** June 16, 2020  
**RE:** Updates

Our COVID Update: We have no new or active cases of COVID-19 in Manor East. We have no clusters of individuals with respiratory symptoms. Historically, we have had only one employee on health care test positive for COVID-19 and one employee on assisted living test positive for COVID-19. Both individuals have since recovered, are symptom free, and have returned to work.

Virginia Department of Health (VDH) Guidelines: Have not been finalized and made available. As we have indicated, testing at some frequency will be required for residents and staff. A couple of our nurses on staff, including our Director of Nursing, are familiar with and comfortable with administering the test. Even so, we felt it was best to have multiple nurses on staff capable of administering the test. In preparation, we have arranged additional training for our nurses specific to performing the test, so they have a greater comfort level with the process.

Once the guidelines are released from VDH we anticipate being able to provide a timeline of next steps. Until then, we will continue with the video calls, individual programing, and individual excursions outside.

Stay Safe.
