

## MEMORANDUM

**TO:** Manor East Residents and Responsible Parties  
**FROM:** Carrie Davis, Administrator   
**DATE:** June 19, 2020  
**RE:** Updates

Our COVID Update: We have no new or active cases of COVID-19 in Manor East. We have no clusters of individuals with respiratory symptoms. Historically, we have had only one employee on health care test positive for COVID-19 and one employee on assisted living test positive for COVID-19. Both individuals have since recovered, are symptom free, and have returned to work.

The Virginia Department of Health (VDH) guidelines have not been released. We continue to receive direction from the local health department (LHD) that no changes to our current protocol for residents can be made at this time. It is anticipated that once the guidelines are released, we should be granted permissions to advance some of the resident activities. We are working with the LHD to create an environment for controlled outside visits for residents. These visits would not allow any physical contact and require masks and a plexiglass or other type of physical barrier to be in place. We are very excited about this prospect and hope to have more information next week. Please note that similar to the video chats, availability will be scheduled, and reservations will be required.

Next week, Covenant Woods will be celebrating Nursing Assistant Week. If you would like to share a thought of appreciation during Nursing Assistant Week, you may send an email to Wilhelmina Saunders, Director of Nursing, at [wilhelmina.saunders@covenantwoods.com](mailto:wilhelmina.saunders@covenantwoods.com) to share with staff or send mail Attention: Nursing Staff. We will have different events to celebrate each day.

Stay Safe.
