

MEMORANDUM

TO: Manor East Residents and Responsible Parties
FROM: Carrie Davis, Administrator 
DATE: July 22, 2020
RE: COVID-19 Update

Thank you to all the residents (and staff) that participated in the Point Prevalence Testing last week. I am very happy to report that once again, there were no positive cases! We were impressed with how methodically the team from the National Guard administered the tests.

Our regular Friday memo will have more information on the protocols in place and what the results of this second round of testing means.

Stay Safe.
