To All of Our Valued Employees:

The past several months has been a difficult and challenging time for all Americans. The threat and fear of COVID-19 has profoundly changed the way we live our lives. While the ordeal is temporary, we all know it is not over.

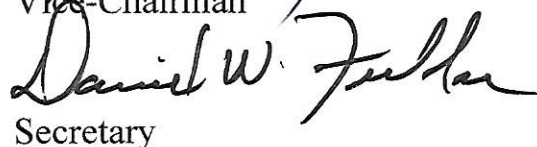

The staff at Covenant Woods has literally been on the front lines of the pandemic. As you know, our residents are particularly vulnerable to the worst of this disease, and we have had to suspend or restrict their normal interactions with friends and family. While it is a difficult time for all of us, it is very much so for them. But most remain optimistic and cheerful, thanks to the care, attention, and support that you and your co-workers provide every day.

The Board of Directors of Covenant Woods would like to take this opportunity to thank you for your efforts to keep residents/clients, your co-workers, yourself and your family safe and healthy during the pandemic. Thankfully, Covenant Woods has been spared from the ravages of COVID-19 due in large part because you have collectively worked hard to keep all of us safe. We must remain vigilant. With good people like you, our Community will emerge even stronger once the pandemic ends.

With all good wishes,

Chairman

Vice-Chairman

Secretary
