

MEMORANDUM

TO: Covenant Woods Residents, Manor East Resident Families and Employees
FROM: John Dwyer, President & CEO
RE: Covid-19 Update
DATE: September 1, 2020

Covenant Woods has reported to the Virginia Department of Health, through the local health department, and with this notice, also to our residents, resident families of Manor East and employees, that an employee who works in the Manor has received a positive diagnosis of COVID-19. This has no impact upon Manor East as the employee's work is not directly related to Manor East. The employee has had limited close contact with others and has not been on campus since August 28. We are working with the local health department through contact tracing, which entails identifying any staff or residents with whom the employee may have come in contact for 15 continuous minutes or more in the days immediately prior to experiencing symptoms. We have determined the tracing is minimal impact. Due to privacy regulations, Covenant Woods is not at liberty to discuss any details or release any additional information.

As you are doubtless aware, the Richmond area, as well as Covenant Woods, continues to make slow progress toward opening up in the midst of this pandemic. Please continue your diligence in following all protocols set forth by Covenant Woods for the safety of our residents and employees.
