

MEMORANDUM

TO: Manor East Residents and Responsible Parties
FROM: Carrie Davis, Administrator CAD/ms
DATE: January 21, 2021
RE: Updates

County Positivity Rate:

The Hanover County positivity rate is currently 18.7%, this is a slight decrease from last week. This county rate combined with our current status of recent positives among staff and vendors prohibits in-person visits outside of compassionate care.

Vaccine Update:

The second dose of the COVID vaccine will be made available to residents the first week of February. Any new residents who were not here at the time of the first dose are eligible to receive the first dose in February. Questions should be directed to Lafon Kinchen, RN, at 804-569-8093.

Current Visitation Plan:

Google Duo calls are available to residents of Manor East. To allow every resident assisted access to these visits we are scheduling one call weekly. If a resident is on isolation, the calls will be coordinated directly with Lafon Kinchen, RN, Infection Control Preventionist at 804-569-8093. Otherwise, calls for assisted living and health care are coordinated with Lauren Marwitz, Recreation Manager at 804-569-8713 and calls for Memory Support are coordinated with Tara Beatty, AL Social Services Coordinator at 804-417-9134. Compassionate care visits are provided under separate criteria. Questions should be directed to your Resident Services representative.

Planning for the Future:

It is worth noting that the Virginia General Assembly is in session. Each session there are several bills introduced that could potentially affect long-term care services. We will keep you informed of any policy changes that may affect our protocol.

There have been no recommended changes to the infection control practices that the Centers for Disease Control (CDC) and the Virginia Department of Health (VDH) published last year. Even individuals fully vaccinated will still need to adhere to the mask and distancing requirements. As indicated above, visitation is still impacted by the rate of virus at any given time.

Our COVID Update:

Cumulatively, since the beginning of the pandemic, the total number of people, that have tested positive for COVID-19, are listed in the chart below.

	Cumulatively
	<u>Employees</u>
Health care	14
Assisted living	12
Independent living	5
	<u>Residents</u>
Health care	2
Assisted living	0
Independent living	2
	<u>Vendors</u>
Manor East	6
Independent living	3

Stay Safe.
