

Independent Living (IL) Visitor Protocol:

Independent Living encompasses the Manor, Manor West, the Lodge and Cottages.

- We will follow CDC community guidelines.
- All residents, visitors, staff, vendors, and volunteers in Independent Living, regardless of vaccination status, are not required to wear masks. While still strongly encouraged, masking will not be mandatory.
- Visitors without a Family Badge must register at the Concierge desk.
- General campus access will be available between 7am and 8pm, seven days a week. After 8pm, only guests with a Family badge or who are on the approved access list will be allowed entry at the main gate.

Questions about visitation options for residents in independent living should be directed to Melissa Flood, IL Resident Liaison, at 804-569-8175.
